

Cannon County Schools
Office of Coordinated School Health
Building a Healthy Future

September 2011

Dear Parent or Guardian,

Our annual health screenings will take place in Cannon County Schools in October of 2011 for students in grades K, 2, 4, 6, 8 and 9. When health concerns are identified early, steps can be taken to access needed healthcare in hopes that health and academic issues do not develop into serious problems. In an effort to identify such concerns, students will be screened for vision, body mass index (height and weight), and blood pressure.

If we discover any deviations from a normal screening, you will be informed by mail. Otherwise, if you would like the results from your child's screening, please contact the Office of Coordinated School Health at 615-563-5752, ext. 245 or email connie.foster@ccstn.com and identify your child by full name and school. Please note there will be no charge for these services.

If you DO NOT want your child to participate in the Health and Wellness Screenings, please complete and sign the form below and return to your child's teacher.

If you have any questions or concerns, please feel free to contact the Office of Coordinated School Health at 563-5752 ext. 245 or connie.foster@ccstn.com.

Thank you,

Connie Foster
Coordinated School Health Director

I DO NOT want my child to participate in the health and wellness screening:

*Child's Name: _____ Date: _____

School Name: _____ Grade _____ Homeroom _____

*Parent or Guardian's Signature: _____

****Complete and return the bottom portion of this form to your child's school ONLY if you DO NOT want your child to participate. Thank you!***
